EXPERIENCE

Front-End Development

Bmj Digital Institute

03/2022 - 08/2022

karachi, pakistan

Achievements/Tasks

- Led the front-end development efforts to create responsive user interfaces using HTML, CSS, and media queries. Ensured consistent user experiences across various devices and screen sizes, resulting in improved user engagement.
- Spearheaded the design and development of reusable UI components using React, enhancing development efficiency and maintaining a modular codebase.
- Design simple pages and components using HTML, CSS, Javascript and React.
- Integrated backend APIs using React's Axios library, enabling seamless communication between the front-end and server.
